

Advanced Meter Installation Rejection Form

(use separate form for each account)

As a User of the Kaua`i Island Grid, a Consumer of electricity, or a Member of Kaua`i Island Utility Cooperative (KIUC), this is my opportunity to make clear to the employees, staff, management, and relevant subcontractors of KIUC, in no uncertain terms, that I do not wish an advanced meter ("Smart Meter") installed at my home or business; and by stating my rejection of this installation, I do so with the understanding that I will not be further encouraged to receive one. I understand that KIUC, being a Member-Owned Cooperative, shall honor & respect the stated wishes of individuals in the community or Member-Owners, and accordingly, shall cooperate by accepting my rejection of the advanced meter ("Smart Meter") as the final determination in this matter. Finally, I do not agree that it is reasonable or proper to assess any penalties, fines or seek to cause any additional financial cost to me for rejecting this new hardware. Instead, I fully expect to have the portion of the cost of the unit purchased with KIUC monies without my prior consent, rebated to my account. Mahalo.

- I DO NOT WISH to have an advanced meter ("Smart Meter") installed at my home/business.
- I REQUEST the In-Home Display (IHD) "Dashboard" to help me control my electrical use & save money
- I would like a KIUC representative to contact me about my advanced meter rejection to confirm this decision has been duly noted and shall be honored. Contact Number:_____

Name (printed):_____
